

## From The Editor

In 2012, we are expanding the scope of the listings in the JOC Sailings newsletter to encompass categories of firms included in the *Directory of Transportation*, a supplement to *The Journal of Commerce* that is published twice yearly. This week's issue contains the first such listings, for stevedores. A digital edition of the latest *Directory of Transportation* will soon be available; for more information about the publication, contact Cindy Cronin.
